*My interest and passion for driving horses and agriculture brought me to Lancaster County, Pennsylvania where both activities are a large part of the culture. Since the age of 15 I have developed relationships with many Amish and Mennonite people. I was then, and still am, fascinated with this society of people who pride themselves in having little to do with the outside world. Devoted to family, church and community, the Amish take tremendous pride in their homes, farms and work. Very few outsiders have been welcomed into the Amish community as I have.*

*Today, I enjoy bringing Amish crafts and products to New England. It is part of the Amish religion to take pride in their work and it shows. Because the Amish do not believe in insurance, own farms that were paid for three hundred years ago and don't drive cars, they can keep their prices reasonable.*

*Our line of sturdy outdoor furniture is brought in from the heart of Pennsylvania Dutch Country. The products included in this brochure are a representation of the products we regularly carry, but not a complete list.*

 Ashby, MA**

*A lifetime of passion for conserving the rural heritage of New England has gone into Laurel Ridge Farm. Located in northern Massachusetts in the hill country of western Middlesex County, the farm, owned and operated by the Duffy family, is known to be one of the most diversified in the area.*

*The Duffys have spent a lifetime in the equestrian and agricultural industries and take very seriously their role as conscientious stewards of the land and their livestock. Their line of Amish furniture compliments other offerings, which include Dutch Harness Horse breeding, training, and driving instruction.*

*In the warmer months, Bill Duffy travels New England providing one-of-a-kind Pig Roasts, using only the highest quality grain fed, free range, USDA inspected animals, and the most modern and clean equipment. Laurel Ridge Farm has become well-known for this unique catering service and has done hundreds of them. Many references are available.*

*During the Holiday Season, the farm brings in the highest quality Christmas Trees fresh-cut in Northern Maine.*

*Bill has also been handcrafting custom tack and harness equipment for discriminating horsemen for over 25 years.*

*For more info on all the farm has to offer, call or email Bill or stop by and visit Laurel Ridge Farm, where strangers are only friends we haven't met yet.*
